Overview

PATH: *Student Information > General > Enrollments*

The Enrollment tab displays all occurrences of a student's enrollment in the district. Because this is a historical view, this list could be long.

By default, the enrollments are listed by grade level first, then by enrollment start date. To reorder the list of enrollments, click the blue hyper-linked headers in the Enrollments Editor list. Enrollment records can be sorted by Grade, Calendar, Start Date or End Date.

For additional information about creating and/or modifying enrollment records, see the Enrollments Main Page.
