# Fitnessgram Access for MCSD PE Teachers

- URL to access Fitnessgram: https://www.fgontheweb.com/MontroseCtyCO/login.aspx

- **Teacher Username** matches the school in which you work:

  - ces_peteacher
  - jes_peteacher
  - nes_peteacher
  - oes_peteacher
  - oges_peteacher
  - pes_peteacher

  - ctms_peteacher
  - cms_peteacher
  - oms_peteacher
  - ohs_peteacher
  - mhs_peteacher

- **Teacher Password**: Fitnessgram

- **Student Username** : Student Number

- **Student Password**: First letter first name, first letter last name and then their birthday. So for example Suzi King with a birthday of 5/24/97 would have the password of sk052497. This is the same username and password combination they students have for login to student portal (IC).

**Extra Information:**

- All students in all schools are loaded into Fitnessgram.

- Classes are set up by Grades. So a class would be  MHS-Grade 10.

Additional Things to Ponder:

- How do you want updates to students to be handled? Automatically or manually by PE Teachers.
