- 14-5: If, in the opinion of the staff member and the Association, the reasons for the administrative reassignments/transfer are without substantiation, or that the employee's transfer is inappropriate based on the necessary qualifications for the job, such action shall be grievable.

ARTICLE 15 – REDUCTION IN FORCE (Licensed)

- 15-1: In accordance with C.R.S 22-63-202, a teacher may be suspended temporarily during the contractual period until the date of dismissal as ordered by the board pursuant to section 22-63-302 or may have his or her employment contract cancelled during the contractual period when there is a justifiable decrease in the number of teaching positions. A significant factor in determining which employees will be reduced will be based on consideration of teacher effectiveness as evidenced in the summative evaluation instrument in compliance with C.R.S. 22-9-106. Effectiveness shall be defined as an overall rating of satisfactory or effective or higher. After teaching effectiveness has been taken into account, the district shall use probationary and non-probationary status and the length of the teacher's service in the district as criteria for the cancellation of a contract.
- 15-2: Any cancellation of an employment contract due to a justifiable decrease in the number of teaching positions shall be in accordance with Colorado law, including but not limited to the right to a hearing.
- 15-2-1: The Superintendent shall notify the Association as early as practical of the declaration of a Reduction in Force (RIF) with the anticipated number of positions to be reduced, as well as the rationale for such a reduction. The Superintendent and the Association shall then meet. The Superintendent shall make a good-faith effort to work with the Association on a way to implement the RIF with as little negative impact on Montrose RE-1J School District as can be attained, which may include offering a negotiated severance incentive which could be taken by any teacher where the result would be to eliminate or to limit the need for a RIF. It is understood, however, that the role of the Association is advisory only.
- 15-2-2: If teachers have been identified for a RIF, they will be notified via certified mail and email. The notification will include current and expected openings in the District, how to obtain a letter of reference, unemployment and insurance resources and other resources that might be useful.
- 15-2-3: When a transfer of an employee in connection with a RIF is deemed necessary by the superintendent, it shall be in accordance with Articles 13 and/or Article 14 in accordance with C.R.S. 22-63-203 (c.5) (I)
- 15-2-4: Nothing in this Article shall be interpreted as infringing on the Board's right to non-renew a probationary employee in accordance with C.R.S. 22-63-203; any probationary employee may be non-renewed by the Board without regard to this Article. Failure to proceed in accordance with this Article shall not invalidate any non-renewal nor shall such failure provide any basis for challenge of a non-renewal.
- 15-3: If a non-probationary teacher rated as effective has been RIF'ed, for a period of one (1) year following the Reduction in Force, when positions become available in a particular endorsement area where cancellation of employee contracts occurred, such positions shall be offered to those employees with endorsement in that area whose contracts were cancelled in the reverse order of cancellation.
- 15-4: Probationary teachers and non-probationary teachers rated below effective that have been RIF'ed may apply to be in an interview applicant pool after the overall process for non-probationary teachers that were rated effective has been exhausted or has expired.
- 15-5: For Salary Purposes, an employee returning pursuant to section 3 shall be placed according to the following:
 - 15-5-1: If the employee returns within the same academic year in which reduced in force he/she shall be placed in the same step/lane as when the employee left.

- 15-5-2: If the employee returns the following academic year and serves as a contracted teacher in a position comparable to that occupied when reduced in force, the employee shall receive credit for such year when placed on the salary schedule.
- 15-5-3: As statutes or CDE rules change this policy will be revisited by the Uncompahgre Valley Education Association and Montrose County School District on a yearly basis if needed to ensure compliance with the law.

ARTICLE 16 – REDUCTION IN FORCE (ESP)

- 16-1: When it is the best interest of the students enrolled in the School District, the Board may cancel employment contracts of ESP staff without penalty to the District when there is a justifiable decrease in the number of ESP positions within a particular employment classification.
- 16-2: The Superintendent shall notify the Association as early as practical of the declaration of a Reduction in Force (RIF) with the anticipated number of positions to be reduced, as well as the rationale for such a reduction. The Superintendent and the Association shall then meet. The Superintendent shall make a good-faith effort to work with the Association on a way to implement the RIF with as little negative impact on Montrose RE-1J School District as can be attained, which may include offering a negotiated severance incentive which could be taken by any ESP staff, where the result would be to eliminate or to limit the need for a RIF. It is understood, however, that the role of the Association is advisory only.
- 16-2-1: If ESP staff have been identified for a RIF, they will be notified via certified mail and email. The notification will include current and expected openings in the District, how to obtain a letter of reference, unemployment and insurance resources and other resources that might be useful.
- 16-2-2: When a transfer of an employee in connection with a RIF is deemed necessary by the superintendent, it shall be in accordance with Articles 13 and/or Article 14.
- 16-2-3: Nothing in this Article shall be interpreted as infringing on the Board’s right to non-renew an unsatisfactorily-rated ESP employee; any unsatisfactorily-rated ESP employee may be non-renewed by the Board without regard to this Article. Failure to proceed in accordance with this Article shall not invalidate any non-renewal of an unsatisfactorily-rated ESP staff, nor shall such failure provide any basis for challenge of a non-renewal.
- 16-3: Employees currently serving in an employment classification which is subject to a reduction in force shall be laid off in the inverse order of their seniority as continuously employed, **satisfactorily-rated** employees of the School District. For the purposes of this section, seniority refers to the employee’s most recent period of continuous satisfactory employment. The parties understand and agree that the term “employment classification” as used in this section refers to the general titles of the respective salary schedules.
- 16-4: Qualified employees with satisfactory service shall be recalled in reverse order of the RIF from a list created at the time the RIF took place. The recall list and any remaining names will expire one year after its creation. Employees shall be recalled in reverse order of RIF, and previous salary placement and benefits shall be restored. Paid-out Sick Leave may be re-purchased at the same rate as when the RIF occurred.

ARTICLE 18 –EVALUATION

- 18-1: **Licensed Educator's Evaluation:** The Board, District, Association, and the MCSD 1338/191 committee have established an evaluation system that is fair, effective, credible, and has a professional quality, utilizing Colorado Department of Education (CDE) guidelines with professional rubrics developed by the CDE. It is recognized that among reasons for the evaluation of licensed personnel, the following are important:
- Encourage continuous collaboration,
 - Promote professional growth throughout all stages of teachers' careers,
 - Support ongoing learning and training through collaboration, accountability, reflection and growth.
- Guiding principles of the MCSD evaluation system:
- Support an ongoing collaborative culture of professional inquiry and structured reflection,
 - Provide trained evaluators with a structure for consistency of judgment and documentation,
 - Honor and support teachers in different stages of their careers,
 - Support teachers as they assume diverse roles within their schools and extended learning communities, and
 - Support school/district initiatives.
- 18-2: The designated Administrative Supervisor will orient all teachers under their supervision to the evaluation procedures prior to September 1st. At the same time, teachers shall be advised as to who shall observe and evaluate their classroom teaching performance.
- 18-3: Sources of information for the evaluation of teachers include formal or informal observations that collect any data relevant to a teacher's performance to create a body of evidence.
- Evaluation - a yearlong collaborative process that incorporates reflection of evidence and feedback to determine educator effectiveness.
 - Observation - any opportunity that allows for the direct collection of evidence on professional performance.
 - Formal Observation - a minimum of 30 continuous minutes of observation with a post observation conference.
 - Summative Evaluation Report – cumulative rating as defined by the CDE Educator Effectiveness Bill.
- 18-4: A copy of each observation shall be given/mailed to the teacher. For formal observations a post-conference must be held between the teacher and the evaluator within five (5) days of the date of the formal observation.
- 18-5: Any standard identified as basic or any final rating of ineffective or partially ineffective will be addressed through an improvement plan with identified timelines for the teacher to demonstrate progress

toward proficiency. An administrator, at their discretion, may place a teacher on an annual summative cycle. If the standard identified as basic persists, or the final rating does not exceed partially effective for the second consecutive year, the evaluator shall either make additional recommendations for improvement or reserves the right to terminate the employment relationship pursuant to Colorado Law.

- a. Moving teachers from non probationary to probationary:
 - i. 2 consecutive years of less than proficient ratings will result in the licensed staff being placed on probationary status at the beginning of year three.
- b. Moving teachers from probationary to non probationary:
 - i. 3 consecutive years of the Final rating being Proficient or above.
- c. Moving teachers from probationary to non probationary with non- proficient rating in the middle:
 - i. 1st year of a proficient rating after receiving a non-proficient rating starts the sequence count of 3 consecutive years.
- d. Appeal process (Article 18-12)

18-6: The evaluation of non-probationary teachers shall include a minimum of one (1) formal observation and two (2) informal observations that culminate in (1) annual summative report, with final rating every year completed prior to (10) days before the last day of classes for the school year.

18-7: The evaluation of probationary teachers shall include two (2) formal observations and four (4) informal observations that culminate in one (1) annual summative report every year. The annual summative report, with final rating, must be completed prior to ten (10) days before the last day of classes for that school year.

18-8: Any teacher, for whom a written annual summative report is made, will sign such evaluation to indicate that the teacher is aware of its contents and will be furnished with a copy of the report. Both parties will acknowledge that the material has been reviewed by signing all copies to be filed, with the understanding that a signature does not necessarily indicate agreement with all of the contents of the evaluation. It is further understood that the signature on the evaluation does not indicate that the teacher has waived any rights or protections provided by law or any terms of this Agreement.

18-9: If a teacher feels that the annual summative evaluation is incomplete or inaccurate, the teacher may put any objections in writing and have them attached to the annual summative report to be placed in the teacher's personnel files.

18-10: All teachers will conduct a self-assessment, complete a Professional Growth Plan and establish a meeting to discuss them with their evaluator by October 1. Midyear reviews will be completed by January 15 of the evaluation year.

18-11: Any teacher with written deficiencies shall be advised of such deficiencies by their administrator. The teacher will be provided by said administrator with assistance and support to enable the teacher to address the deficiencies within a written agreed upon timeline between the parties. Any teacher unable to address the identified deficiencies within the written timelines and subsequent recorded observations shall remain on an improvement plan as described in 18-5 and pursuant to Colorado Law.

18-12: Any teacher who believes their evaluation was arbitrary or unfair has a right to appeal.

3. Request in writing within (10 days) an appeal to review the licensed staff member's final rating of ineffectiveness with the Deputy Superintendent/HR Department.
4. The Deputy Superintendent/HR Department will review the body of evidence for the licensed staff member and make a final decision.

The review of the body of evidence may include, but does not require, the Deputy

Superintendent/HR Department to meet with either the administrator or the licensed staff person.

5. The Deputy Superintendent/HR Department will put their findings in writing within 10 days of the appeal request and notify both the licensed staff person, and the evaluator of those results.

6. All decisions of the Deputy Superintendent/HR Department will be final. If the outcome of the appeal to the Deputy Superintendent/HR Department is not satisfactory to the licensed staff member, the staff member may request arbitration.

18-13: **Educational Support Professionals (ESP) Evaluation:** The purpose of the ESP evaluation system is to improve the quality of our classified employees through:

- Measuring professional growth, development and performance
- Promoting and improving communications between the employee and the Supervisor(s)
- Providing insight and feedback regarding the employee's performance, including areas of strength and opportunities for growth, in targeted areas of improvement

It is agreed that:

- 1) Substitute custodians will be used to cover these events when they have hours remaining in the work week after coverage has been provided for all regularly scheduled contracted custodial absences during the work week.
- 2) If no substitute is available, a contracted custodian may be requested by the Property Services Supervisor or designee to “swap” out a regular work day to cover an event taking place outside of the contracted work week, provided that the “swapped” day falls within the same pay period week – i.e. Sunday through Saturday of the same week.
- 3) In the event that either of the previous actions does not meet the needs of coverage, a contracted custodian will work the event to be paid at the overtime rate of time and a half of their current rate of pay.

At no time will any contracted custodian be required to “swap” a day or work overtime or provide any service, outside of the defined work week in the Master Agreement (Article 1-8). All coverage outside of the regular work week provided by a contracted custodian will be on a volunteer basis only.

ARTICLE 21 - PREPARATION TIME/LICENSED STAFF

21-1: Every licensed staff will be scheduled with one individual planning time each day. No meetings or duties will be assigned during this time, with the exception of IEP or other meetings required by law. Individual planning time will be provided at a time during the instructional school day. “Instructional school day” is the period of time when students are in regularly scheduled classes.

- 21-5: When there is an alteration in the regular daily schedule (i.e. special events), every effort will be made to adjust planning time to meet the minimum number of planning time minutes as agreed above.

ARTICLE 22 – PROFESSIONAL LEARNING COMMUNITIES

- 22-1: PLC consists of collaborative work in processes of collective inquiry and action research, using shared data to achieve better results for the students. PLCs operate under the assumption that the key to improved learning for students is continuous job-embedded learning for the team.

These same procedures shall be followed in instances of damage by a student to the personal property of a teacher or school employee occurring on School District premises or while performing his/her duties and responsibilities.

ARTICLE 25 - CLASS SIZE POLICY AND REGULATION

- 25-1: The Board is aware that class size has bearing upon effective teaching. It therefore directs the Superintendent (or his/her designee) to work with principals in establishing a reasonable and equitable class enrollment for each teacher.
- 25-2: The Board understands that achieving this goal is dependent upon the financial ability of the District. In determining the size of various classes, the administration will consider the following factors:
- a. The type of load, which will help the teacher, be most effective with the students in the class.
 - b. The number of exceptional needs students assigned to the class and the level of service required for each of them.
 - c. Required preparation and correction time for the particular class.
 - d. Physical makeup of the classroom and its equipment to ensure the safety of the students and teacher.
- 25-3: Board Regulation for Class Size - The "Board Policy" on class size directs the Superintendent (or his/her designee) to work with principals in establishing a reasonable class size. This policy further lists factors to consider when assessing needs to provide quality education for students.
- 25-3-1: If, after consideration of these factors, the teacher and/or supervisor ascertain that the class size is such that effective teaching is impaired, the teacher and/or supervisor will then put in writing the rationale for addressing the concern.

ARTICLE 27 - PUBLIC COMPLAINTS ABOUT THE CURRICULUM OR INSTRUCTIONAL MATERIALS

- 27-1: The Board, though it is ultimately responsible for all curriculum and instructional materials, including library books, recognizes the need and right of students to free access to many different types of books and materials. It also recognizes the right of the professional staff to select books and other materials supportive of the District's educational philosophy and goals.
- 27-2: The Board has approved principles governing the selection of all instructional materials including library books, and has established policies pertaining to the selection process. However, the Board wishes to amplify its principles on the selection of books and other materials which present controversial topics or which for other reasons might be challenged.
- 27-2-1: Material that is challenged usually belongs to one of the three (3) basic categories: religion, ideology, or profanity/obscenity. Board policies regarding these areas shall be as follows:

- a. Religion - factual, unbiased material on all major religions has a place in school libraries.
 - b. Ideologies- libraries should, with no thought toward swaying reader judgment, make available a balanced collection of primary and factual material, on the level of their students, on various ideologies or philosophies which exert or have exerted a strong force, either favorably or unfavorably, in government, current events, politics, education, and other phases of life.
 - c. Profanity/Obscenity - materials shall be subjected to a test of literary merit and reality by media specialists and teachers who will take into consideration the maturity of students and the standards of the community.
- 27-3: Criticism of a book or other materials used in the schools may be expected from time to time. In such instances:
- 27-3-1: The Board recognizes the right of an individual parent to request that his/her own child not read a given book. When such a request is presented, the teacher and/or school Administrator should resolve the situation, perhaps by arranging for use of alternative material meeting essentially the same instructional purpose. This does not apply, however, to basic program texts and materials that the Board has adopted.
- 27-3-2: The Board shall not permit any individual or group to exercise censorship over instructional materials and library collections, but recognizes that at times a re-evaluation of certain material may be desirable. Should an individual or group ask to have any book or other material withdrawn from school use:
- a. The person who objects to the book or other material shall be asked to sign a complaint on a standard form on which he/she will document his/her criticism.
 - b. Following receipt of the formal complaint, the Superintendent shall provide for a re-evaluation of the material in question.
 - c. The re-evaluation shall be based on the points offered above, as well as the principles governing the selection of all instructional materials. Additionally, the Board wishes to emphasize that:
 - 1) A book or other materials shall not be excluded because of the author's race or nationality or his political or religious views.
 - 2) That the value of any book or other material shall be judged as a whole, taking into account the purpose of the material, rather than individual, isolated expressions or incidents in the work.
 - d. The Superintendent or his/her designee shall review the complaint and re-evaluation, and shall render a decision in the matter. Should the solution be unsatisfactory to the complainant, he/she may appeal the decision to the Board.
- 27-4: In summary, the Board assumes final responsibility for all books and instructional materials it makes available to students; it holds its professional staff accountable for their proper selection. It recognizes rights of individual parents with respect to controversial materials used by their own children; it will provide for the re-evaluation of materials in library collections upon formal request. ARTICLE 10 – ~~SICK LEAVE BANK~~ CATASTROPHIC LEAVE BANK **Update table of contents

- 10-1: Purpose: (a) ~~There shall be a Sick Leave Bank, the purpose of which shall be to provide a source of paid leave for participating employees deemed eligible by the Sick Bank Committee pursuant to this Article 10 for the use of Bank days.~~ There shall be a Catastrophic Leave Bank designed to grant employees additional paid leave due to their own catastrophic illness/event or the death of an immediate family member. Immediate family is defined in Article 1-12. A catastrophic illness/event (either personally or by an immediate family member) is defined as a catastrophic illness or injury that poses a direct threat to life, e.g. cancer, serious accident, major heart attack, extreme psychological distress, or any of the injuries listed on the critical illness list as defined by Life Insurance Association (www.lia.org.sg)
- 10-2: Eligibility: An employee who participates (participating employee) may use Bank days under the following circumstances:
- The participating employee’s personal catastrophic/critical illness or injury, as certified by the attending physician in writing, requires an absence of more than ten (10) consecutive days and the employee has exhausted all of his/her regular and accrued Sick Leave/General Leave/Personal Leave/Vacation Days, or

- The participating employee qualifies as the primary caregiver whose presence is required (as certified by the attending physician) because of the illness or injury of that member's spouse, minor child or legal dependent and said illness or injury requires more than ten (10) consecutive days of absence.

10-3: Ineligibility:

Bank days shall not be used for:

- Injuries or conditions covered by Worker's Compensation,
- Elective surgery for the employee, his/her spouse or his/her legal dependent that could be scheduled at a time more compatible with the member's work responsibilities (without detriment to his/her health), or
- For the purpose of caring for a well child.

10-4: Membership: (a) All employees of RE-1J District are eligible for membership in the Bank. All newly hired employees must indicate whether or not they wish to participate in the Bank on a Bank Enrollment form provided by the District. All continuing participants shall automatically be enrolled in the Bank at the beginning of each school year, unless they notify the Human Resource Office in writing by September 1 that they choose not to participate in the Bank. ~~for that year. Membership shall continue unless and until the employee gives written notice of his/her intent to discontinue participation.~~ Employees who wish to participate, after electing not to participate, must notify the Human Resource Office in writing by September 1.

(b) Upon enrollment, each new member of the Bank will be assessed one (1) General Leave (Licensed) or one (1) Sick Day (ESP) to be deposited in the Bank. The District shall donate one day to the Bank for each new employee upon his/her completion of New Staff Orientation ~~at the beginning of the contract year, as outlined on the school calendar which shall count as the licensed/ESP employee's General/Sick Leave donated day.~~ Each subsequent school year each active member of the Bank will be automatically assessed (1) General Leave day (Licensed) or Sick Day (ESP) (see 10-5 below). ~~unless he/she provides written notice to the Human Resources Office by September 1 of his/her desire to withdraw from the Bank.~~ Resignation from the Bank does not entitle the member to a refund of days contributed. If an employee or current member opts out of participation in the Bank, they will not be allowed to opt back in until ~~doing so in writing by September 1~~ of the start of the next school year.

10-5: ESP and Licensed Account Balances: Two separate accounts will be maintained within the Bank: one for licensed staff and one for ESP staff. Days donated by Bank members shall be cumulative and the balance in each account shall be carried from one school year to the next. Days withdrawn from the Bank for use by a member will not have to be replaced by that member. If, on September 2 of each year, either account balance of days exceeds 2000 days, continuing members shall not be assessed an additional day in order to continue active membership in the Bank for that school year. If the balance in either Bank falls below 2000 days, each continuing member of that Bank will be assessed one (1) additional day, as defined in 10-3 (b), payable to the Bank as of September 2 of that year.

10-6: Administration of the Bank: The two accounts within the Bank shall be administered by one Sick Catastrophic Leave Bank Committee consisting of District employees who are participants in the Bank and who have been elected and/or appointed by UVEA and one Administrator/Supervisor appointed by the Superintendent or his/her designee. At least one representative of ESP's and at least one representative of licensed employees shall serve as members of the Committee. No more than six (6) employees shall serve on the Committee. At least one member of the Committee shall be from the UVEA's Executive Team.

(a) Days may be withdrawn from the Bank by a continuing member only after approval by the Sick Leave Bank Committee.

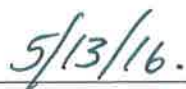

- (b) Application for the withdrawal of Bank days shall be made in writing on application forms available from building secretaries and on the District website. If a Bank participant is physically or cognitively unable to represent him/herself, a member's advocate may make application on the member's behalf. The written application must include a signed supporting statement from the participant's treating physician (or that of the spouse, minor child, or legal dependent if days are being requested where the participant's presence is required to attend to the spouse, minor child, or legal dependent).
- (c) The Committee shall have the right to request additional information if the application is incomplete or does not provide sufficient information on which the Committee can base a decision.
- (d) The Committee shall inform the requesting participant, in writing, of the Committee's decision (or need for additional information) as soon as possible after the Committee's vote. If the request for Bank days is approved, the grant of days shall be retroactive to the date of eligibility, as determined by the Committee pursuant to 10-1 above.
- (e) The Committee may grant up to twenty-five (25) Bank days at a time per participating employee. If the member finds that additional time is needed for the same instance, more Bank days may be granted, but shall not exceed fifty (50) during the **same contract** year.

10-7: Committee's Decision – Final: The Committee's decision shall be final. However, in the event that a participating employee obtains additional pertinent information, not provided at the time of the initial application, the employee may re-apply for Bank days within ten (10) calendar days of the receipt of the written decision of the Committee. The Committee's decision after consideration of the re-application shall be final.

10-8: Donation of Days upon Retirement/Resignation: Any employee, with the exception of ESP employees who resign with less than thirteen (13) continuous service years (see 8-4-2), may donate up to ten (10) days of his/her own sick, general or accrued sick days to the Bank upon the employee's retirement or resignation from the District. Within ten (10) days of the employee's submission of retirement/resignation intent, he/she must give written notification to the Human Resources Office specifying the number of days for donation. These days shall be credited to the ESP or Licensed account, depending upon the retiring/resigning employee's employment classification.

Article 18: Evaluation

The Montrose County School District (MCSD) RE-1J and the Uncompahgre Valley Education Association (UVEA) agree to the following changes within Article 18: Evaluations.

Portability

Recommendation: The District does not accept portability.

The District’s point of view is we would prefer to not accept portability. Committee conversation – If you are good- you are good. “Inheriting” teachers with only 1 or 2 years to demonstrate professional status there are too many questions. Some conversation and concerns regarding variability of evaluations and reporting. Consistency in process is important; we have the most control over consistency in our own district.

Recommendation: Article 18-10: Update language from “Individual Professional Development Plan” to “Professional Growth Plan”.

ARTICLE 18 –EVALUATION **will need to update Table of Contents**

18-1: Licensed Educator’s Evaluation: The Board, District, Association, and the MCSD 1338/191 committee have established an evaluation system that is fair, effective, credible, and has a professional quality, utilizing Colorado Department of Education (CDE) guidelines with professional rubrics developed by the CDE. It is recognized that among reasons for the evaluation of licensed personnel, the following are important:

- Encourage continuous collaboration
- Promote professional growth throughout all stages of teachers’ careers
- Support ongoing learning and training through collaboration, accountability, reflection and growth.

Guiding principles of the MCSD evaluation system:

- Support an ongoing collaborative culture of professional inquiry and structured reflection
- Provide trained evaluators with a structure for consistency of judgment and documentation
- Honor and support teachers in different stages of their careers
- Support teachers as they assume diverse roles within their schools and extended learning communities

- Support school/district initiatives

18-2: The designated Administrative Supervisor will orient all teachers under their supervision to the evaluation procedures prior to September 1st. At the same time, teachers shall be advised as to whom shall observe and evaluate their classroom teaching performance.

18-3: Sources of information for the evaluation of teachers include formal or informal observations that collect any data relevant to a teacher's performance to create a body of evidence.

- Evaluation - a yearlong collaborative process that incorporates reflection of evidence and feedback to determine educator effectiveness.
- Observation - any opportunity that allows for the direct collection of evidence on professional performance.
- Formal Observation - a minimum of 30 continuous minutes of observation with a post observation conference.
- Summative Evaluation Report – cumulative rating as defined by the CDE Educator Effectiveness Bill

18-4: A copy of each observation shall be given/emailed to the teacher. For formal observations a post-conference must be held between the teacher and the evaluator within five (5) days of the date of the formal observation.

18-5: Any standard identified as basic or any final rating of ineffective or partially ineffective will be addressed through an improvement plan with identified timelines for the teacher to demonstrate progress toward proficiency. An administrator, at their discretion, may place a teacher on an annual summative cycle. If the standard identified as basic persists, or the final rating does not exceed partially effective for the second consecutive year, the evaluator shall either make additional recommendations for improvement or reserves the right to terminate the employment relationship pursuant to Colorado Law.

a. Moving teachers from non probationary to probationary:

- i. 2 consecutive years of less than proficient ratings will result in the licensed staff being placed on probationary status at the beginning of year three.**

b. Moving teachers from probationary to non probationary:

- i. 3 consecutive years of the Final rating being Proficient or above.**

c. Moving teachers from probationary to non probationary with non- proficient rating in the middle:

- i. 1st year of a proficient rating after receiving a non-proficient rating starts the sequence count of 3 consecutive years.**

d. Appeal process (Article 18-12)

18-6: The evaluation of non-probationary teachers shall include a minimum of one (1) formal observation and two (2) informal observations that culminate in one (1) annual summative report either every year or every other year depending on proficiency achieved. The annual summative report, with final rating, must be completed prior to ten (10) days before the last day of classes for each respective school year. **...(2) informal observations that culminate in (1) annual summative report, with final rating every year completed prior to (10) days before the last day of classes for the school year.**

18-7: The evaluation of probationary teachers shall include two (2) formal observations and four (4) informal observations that culminate in one (1) annual summative report every year. The annual summative report, with final rating, must be completed prior to ten (10) days before the last day of classes for that school year.

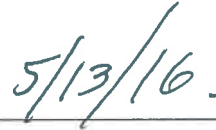

- 18-8: Any teacher, for whom a written annual summative report is made, will sign such evaluation to indicate that the teacher is aware of its contents and will be furnished with a copy of the report. Both parties will acknowledge that the material has been reviewed by signing all copies to be filed, with the understanding that a signature does not necessarily indicate agreement with all of the contents of the evaluation. It is further understood that the signature on the evaluation does not indicate that the teacher has waived any rights or protections provided by law or any terms of this Agreement.
- 18-9: If a teacher feels that the annual summative evaluation is incomplete or inaccurate, the teacher may put any objections in writing and have them attached to the annual summative report to be placed in the teacher's personnel files.
- 18-10: All teachers will conduct a self-assessment, complete a ~~Individualized Professional Development Plan~~ **Professional Growth Plan** and establish a meeting to discuss them with their evaluator by October 1. Midyear reviews will be completed by January 15 of the evaluation year.
- 18-11: Any teacher with written deficiencies shall be advised of such deficiencies by their administrator. The teacher will be provided by said administrator with assistance and support to enable the teacher to address the deficiencies within a written agreed upon timeline between the parties. Any teacher unable to address the identified deficiencies within the written timelines and subsequent recorded observations shall remain on an improvement plan as described in 18-5 and pursuant to Colorado Law.
- 18-12: Any teacher who believes their evaluation was arbitrary or unfair has a right to appeal.
- 18-12-1: Licensed employee appeals process:**
- 1. Submit in writing to their evaluator the staff member's objections to the rating or final rating of ineffectiveness in their evaluation. (10 days)**
 - 2. Meet with their evaluator in person to discuss disagreements with regards to the evaluation, its records, or artifacts and find consensus.**
 - 3. Request in writing within (10 days) an appeal to review the licensed staff member's final rating of ineffectiveness with the Deputy Superintendent/HR Department.**
 - 4. The Deputy Superintendent/HR Department will review the body of evidence for the licensed staff member and make a final decision.**
The review of the body of evidence may include, but does not require, the Deputy Superintendent/HR Department to meet with either the administrator or the licensed staff person.
 - 5. The Deputy Superintendent/HR Department will put their findings in writing within 10 days of the appeal request and notify both the licensed staff person, and the evaluator of those results.**
 - 6. All decisions of the Deputy Superintendent/HR Department will be final.**
If the outcome of the appeal to the Deputy Superintendent/HR Department is not satisfactory to the licensed staff member, the staff member may request arbitration.
- 18-13: **Educational Support Professionals (ESP) Evaluation:** The purpose of the ESP evaluation system is to improve the quality of our classified employees through:
- Measuring professional growth, development and performance
 - Promoting and improving communications between the employee and the Supervisor(s)
 - Providing insight and feedback regarding the employee's performance, including areas of strength and opportunities for growth, in targeted areas of improvement
 - Providing recognition for outstanding performance

- Ensuring that consistent procedures and uniform performance standards are used for the evaluation of all ESP

ESP employees will be evaluated annually. Each ESP staff person will receive a minimum of one mid-year review based on formative data and one written summative evaluation during each year.
